Facilities Program **EL-9**

The Superintendent shall not fail to ensure that district facilities are adequate, safe, clean, inviting and conducive to teaching and learning.

Therefore, the Superintendent may not:

1. Fail to maintain a continual ten-year plan (minimum) for managing and developing facilities.

2. With respect to the district's facilities program, the Superintendent shall not cause or allow actions that violate or materially deviate from voter-approved building and renovation projects, state law, state regulations, procurement code, or building codes.

Adopted: October 24th, 2006
Monitoring Method: Internal Report
Monitoring Frequency: Annually in September
