HAWK REPORT: FEBRUARY 2011

The Jazz Choir students participated in the Clark College Jazz Festival. This was a great honor as only two middle school choir programs were invited. The Jazz band also attended and it also performed admirably.

The Drama students went to the production of the Hobbit through Community Youth Theatre at Washougal High School. The students were focusing on the different aspects when working on stage.

The 8th grade students attended the High School Career Fair for the first time. Our goal this year with the 8th graders is to expose them to career and college opportunities so that they can start thinking about their career pathway before they get to high school. I appreciate the hard work of the high school counseling staff and Ms. Patton's willingness to open the high school to the future freshmen. I also thank the community members for volunteering their time to discuss their careers. ANOTHER example of the community rallying behind their kids.

Fifteen leadership students represented La Center at the Middle Level Leadership Conference at Shahala Middle School in Vancouver. Mrs. Broten and Ms. Tyrrell accompanied the students. The Leadership students also went to Doernbecher's to begin preparation for our penny drive. It is really important that the students see what their hard work accomplishes.
