7:00 PM
District Office Conference Room

Present: Mark Mansell, John Parsons, Bob Taylor and Wendy Chord
Minutes taken by: Laurie Kansanback
Administrators: Dave Holmes

1. Debrief of Student Led Conferences: The board spent some time discussing what they saw as the sat in on various student led conferences earlier in the evening. The general consensus was that the conferences were more aligned with the pathways and the board ends policies than in previous years.
2. Regularly Scheduled Late Student Arrival Proposal Update: Dr. Mansell explained to the board where the district appears to be as a whole on this. While the board acknowledges the need and desirability of professional development time they also recognize the importance of student contact time. Therefore, this proposal will not move forward at this time.
3. Discussion of Graduation Policy and Procedure 2410 and 2410P: Dr. Mansell explained the changes in this policy and procedure that will come up for first reading at the May regular meeting. Most of the changes are to update program name changes or for clarification.
4. Executive Session: SEIU (Classified Staff) Bargaining Proposal: The board adjourned to executive session at 7:50 pm. The board reconvened at 8:00.

As this was a workshop meeting of the board no action was taken.

Meeting adjourned at 8:01 pm.
