3. Nothing in these regulations is intended to preclude the supervised use of the network while under the direction of a teacher or other approved user acting in conformity with district policy and procedure.

From time to time, the district will make a determination on whether specific uses of the K-20 Network are consistent with the regulations stated above. Under prescribed circumstances non-student or staff use may be permitted, provided such individuals demonstrate that their use furthers the purpose and goals of the district. For security and administrative purposes the district reserves the right for authorized personnel to review network use and content. The district reserves the right to remove an individual's network access privileges to prevent further unauthorized activity.

Violation of any of the conditions of use may be cause for disciplinary action.
