

SCHOOL-SUPPORT ORGANIZATIONS

The board encourages the formation of a parent-teacher-student association or similar organization at each school building for the purpose of providing an opportunity through which parents, teachers and students may unite their efforts and interests to enhance the school's academic and/or athletic program. In schools where no such organization exists, another parent group can be recognized by the school principal as the official body through which parents, staff and students may unite their efforts for similar purposes.

All such groups must receive the approval of the school principal and the superintendent prior to requesting board approval. Staff participation, cooperation and support are encouraged in such recognized organizations.
