

Academic Achievement

E-2

The Board expects each student to acquire the academic knowledge to be successful in a complex and rapidly changing world. Accordingly students will:

- a. Read with comprehension, write with skill, and communicate effectively and responsibly in a variety of ways and settings (reading, writing, and communications).
- b. Know and apply the core concepts and principles of mathematics; social, physical, and life sciences; civics, history, geography; arts, health and fitness.
- c. Think analytically, logically and creatively, and integrate experiences and knowledge to form reasoned judgments and solve problems (critical thinking).
- d. Understand the importance of work and how performance, effort and decisions directly affect future career and educational opportunities (work awareness and planning).

Adopted: November 27, 2007

Monitoring Method: Internal Report and Direct Observation

Monitoring Frequency: Annually in November
