

Hawks Report

May 2015

May Students of the Month:

6th Grade:

Mitch France

Mikayla Schmeusser

7th Grade:

Noah Denley

Hailey Grotte

8th Grade:

Sydney Mairose

Loren Brown

WE Day:

We were able to send 37 students from leadership class, 3 teachers and a handful of parent chaperones to Seattle to participate in the WE day festivities. This day-long event is full of inspirational and motivational speakers, student activities and reflection and one very long bus ride. Our group left at 4:00 AM and returned home about 7:00 PM- now that's dedication.

Kids Making Miracles:

Because of the fundraising efforts by our middle and elementary students for Doernbechers Hospital, we had 29 middle school and 24 elementary students get to participate in the celebration at the hospital called Kids Making Miracles. This inspirational evening was capped off with a trip to Bullwinkles for food and games to make for a fun evening for students and chaperones both.

Math is Cool:

We had a sixth grade team represent LCMS at the Math Is Cool Masters Competition in Moses Lake, WA. This team placed second in the state in the Division 2 level. Congratulations to Maia Wolverton, Eli Johnson, Samantha Coyle and Dominick D'Emilio.
