SUMMER ATHLETIC/EXTRA-CURRICULAR POLICY

Use, Sale, Distribution and/or Possession of Alcoholic Beverages, Marijuana, Tobacco, Non-prescribed Mood or Performance Enhancing/Changing Drugs, Narcotics, Hallucinatory Agents and Legend Drugs, Including Anabolic Steroids. An athlete/extra-curricular participant found by criminal conviction or otherwise to have used, sold, distributed or been in possession of alcoholic beverages, marijuana, tobacco, non-prescribed mood or performance enhancing/changing drugs, narcotics, hallucinatory agents, and legend drugs including anabolic steroids shall be disqualified from participation in the remainder of the Summer Athletic Program. The athlete/extra-curricular participant must consent to participate in drug/alcohol assessment and abide by the recommendations of the assessing agency. Proof of assessment and completion of or significant participation in the assessing agency's recommendations must be evident before returning to athletic/extra-curricular activities for La Center School District. A second offense during the student's high school years will result in ineligibility and prohibition from participating in any WIAA or school activity for a period of one calendar year from the date of the second violation. The penalty for a third violation shall be permanent prohibition from participating in a WIAA or school sponsored extra-curricular activity.

Student athletes/extra-curricular participants, when faced with being in a situation of being around people who are illegally using drugs or alcohol, are expected to immediately leave the party, gathering, etc. This might mean phoning a parent, friend, or other adult to come pick them up and remove them from the situation. Failure to do so is a violation of the above policy.

Definitions of terms

"or otherwise" refers to a school district representative becoming aware of the use of tobacco, alcohol, or drugs by an individual or a group of individuals at a party, "kegger," or any other time. Awareness on the part of school personnel can be from admission by the individual(s) involved, substantiated reports, or multiple witnesses to the act of using tobacco, alcohol, or drugs.

"used" is defined as illegal use of tobacco, alcohol, or drugs in any amount, no matter how small (i.e. one sip).

"distributed" is defined as: 1. giving anyone else tobacco, alcohol, or drugs; 2. providing a place for student athletes or extracurricular participants to consume tobacco, alcohol, or drugs (i.e. handing someone alcohol, tobacco, drugs at a party or allowing alcohol, tobacco, drugs to be distributed at your house if hosting a party).

"possession" is defined as being in physical possession of tobacco, illegal drugs, including controlled substances, or related drugs, or alcohol as well as being present in any environment where the illegal use of such drugs or controlled substances, or alcohol is taking place including, but not limited to, athletes/participants presence at parties or other gatherings where others are selling, using, in physical possession of, or delivering non-prescription mood or performance enhancing/changing drugs, narcotics, hallucinogens, controlled substances, or legend drugs including anabolic steroids.

I have read and understand the above Summer Athletic Code and the consequences for violating it.
