

CERTIFICATION SERVICES

fast | reliable | personable

JANUARY 2018

HAPPY NEW YEAR!

Certification Trainings

We offer certification trainings for our school districts. If you would like to schedule a training, please contact either Chelsea or Eliza.

We are here to help!

CHANGES IN CERTIFICATION

Residency Certificate Changes

Just a reminder that requirements for renewing residency certificates have changed. Please [click here](#) to view the new requirements for teachers and [click here](#) to view the new requirements for administrators.

Adding Endorsements

Educators can add endorsement areas to their certificates by passing the NES/WEST-E or approved alternative and completing an application through eCert. [Click here](#) to view a list of the endorsements that can now be added via testing (see "test only" column).

Continuing & Professional Certificate Holders

Renewal requirements for continuing and professional certificate holders have changed. Instead of 150 clock hours, holders of the continuing or professional certificates can now renew with 100 clock hours or the equivalent in college credit, or four professional growth plans (PGPs). For more information, please visit OSPI's website.
