Audience and Board Communication
Say something positive:
Mr. Muffett was glad to see that the public bid process has begun on the new MS. He also commented about the excellent quality of the board reports, including those with a wonderful amount of photos. Mr. Lindberg commented that it is exciting to see the next steps as we move forward with the new middle school project. He is looking forward to the new school. Mrs. Chord commented that she, Mr. Lindberg and Mrs. Yaw are all up for re-election for the school board. She said she had thought about not being on the board after her youngest daughter graduated, but she said what keeps her coming back is the board. The board is able to agree and disagree on things and that they work together well. She enjoys being on the board. Mr. Holmes commented that they held the first pre-bid conference today and 7 general contractors were there. Another meeting will be held next week and one more general contractor is expected to come to that meeting. An official email was received from the Army Corps of Engineers that the permit is in internal review and should be available within 10 days. He also commented that the K-8 teaching staff did a phenomenal job with parent/teacher conferences last week. There was almost 100 percent parent participation. The staff put a lot of work into preparing for these conferences. Mr. Rosenkranz commented that the October 11 in-service day was different than it has been in the past. Certified and classified staff were in attendance this year. These are moving toward PBL/STEM instruction instead of the old learning model. Josh Soske wanted to recognize the student email to Mr. Johnson in the HS board report. Kris Soske was thrilled with the WAC group in the HS board report. She is hopeful that the Phoenix program will come back.
Public Input on Non Agenda Items:
