Message from the Superintendent

Dear La Center Families,

The 2019-2020 school year certainly didn't lack surprises. When the Governor closed schools in the beginning of March due to the COVID-19 pandemic, our entire district found itself in a challenging and unprecedented situation. The district needed to pivot drastically to provide online learning via a subpar community transmission grid with little notice to staff who were willing to learn, but unfamiliar with how to teach on this new platform. Additionally, and probably most importantly, our students were as unprepared and unfamiliar as our staff.

But we didn't let these hardships stop us! Over the end of the last school year and the first half of the next, I couldn't be more impressed and proud of the dedication of our staff, the hard work of our students and the understanding of our families as we made the shift to full online learning. We distributed over 1000 chromebooks to our students across the district. Our staff has attended thousands of hours of training and our families have undergone scheduling changes to make online learning the best it can be under the circumstances.

Our seniors waited until August in the hopes of being able to have a traditional graduation, but alas, the COVID-19 virus permanently nixed those wishes and we were left with a drive-through ceremony that was well-attended but left everyone nostalgic for the return of our traditions.

In closing, I want you to know that the entire district looks forward to the day the health department decides we can safely return every student to the classroom. Don't lose hope, that time will come. By continuing to work together, sooner rather than later, our lives and educational routines will return to normal.

Thank you,

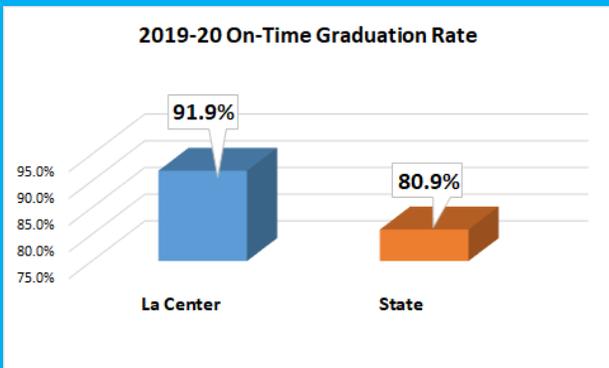

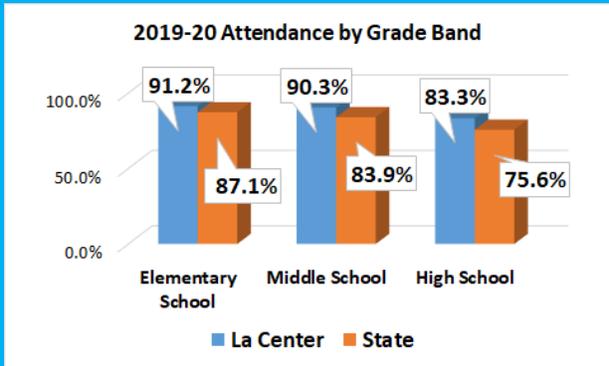

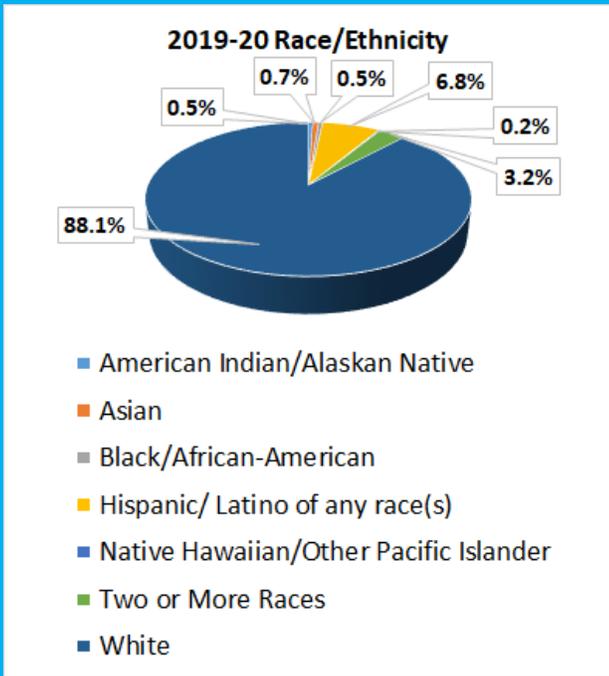

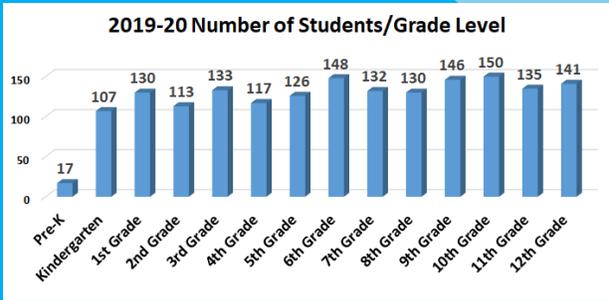

Dave Holmes
Superintendent

LCHS CLASS OF 2020

Challenge Accepted!

In a year full of unique challenges, the seniors were forced to confront the most difficult losses, prom, graduation and the 'last day of school' were all lost due to the COVID-19 outbreak. Under such extreme circumstances, making graduation special for our seniors wasn't easy, but we did everything we could. On June 13th we held a parade for the seniors through the streets of La Center, the community did a wonderful job of coming out and expressing appreciation for our graduates. Graduation itself was held in a drive-through fashion with student's staying socially distanced but nevertheless getting the opportunity to walk across the stage and get their diplomas.
